#### Long Island Sound Yachting Faces a Conflict in Dates

International 6-Meter Races in September Will Probably Extend Over Two Saturdays, Making Interference With American Fixtures Unavoidable

No matter what date is chosen, the international six-meter races are going to cause some confusion in Long Island Sound yachting this summer. It seems almost certain that the series against Great Britain will start on Saturday, September 9. The series probably will consist of five races, and, as they will be sailed every other day, there is a strong por ibility of their lasting for a fortnight.

Technical Offense; Per- the clubs which have conflicting dates sonal Foul Rule Altered are giving away in the most

Basketball rules underwent a drastic change at the anual meeting of the joint committee of the National Board of Aproved Officials, concluded at the Hotel Astor yesterday afternoon. It is likely that more than half of the present scoring from fouls will be eliminated under the new rule adopted, which provides a penalty of giving the hall to the opponents on technical fouls.

The rule reads as follows: "When a technical foul is made the ball is awarded to the opponents at the point where the foul is committed, with the right to put the hall into play with an unguarded pass. They shall not be permitted to dribble or shoot for goal." This rule does away with the free throw as a penalty for technical fouls.

The penalty for personal fouls is also covered under a new rule. The new rules call for a "penalty zone" formed by a line seventeen feet from the end line of the court and as wide as the court. For personal fouls committed within this zone, the opponents shall have two free throws for goal, if the foul is committed outside the zone, only one free try at the goal will be allowed.

The new regulation reads as follows:

will be allowed.

The new regulation reads as follows:
"A penalty area shall be provided at each end of the court comprising the space between the end line and a line passing through the free throw line, or a line passing tangent to the free throw circles, as may be decided. All personal fouls committed by a team when the opponents are in possession of the ball in the penalty area under their own goal shall be penalized by the award of two free throws.
